The DIAMOND AUTOSTRADA

The Hi-Top Volkswagen Motor Caravan that combines sleek appearance, flexibility of design and a degree of spaciousness that has to be seen to be believed!

With the Autostrada, Diamond's designers have brought to the two-berth motor caravan a new standard of luxury and content that will make you want to enjoy the delights of this fine motorhome.

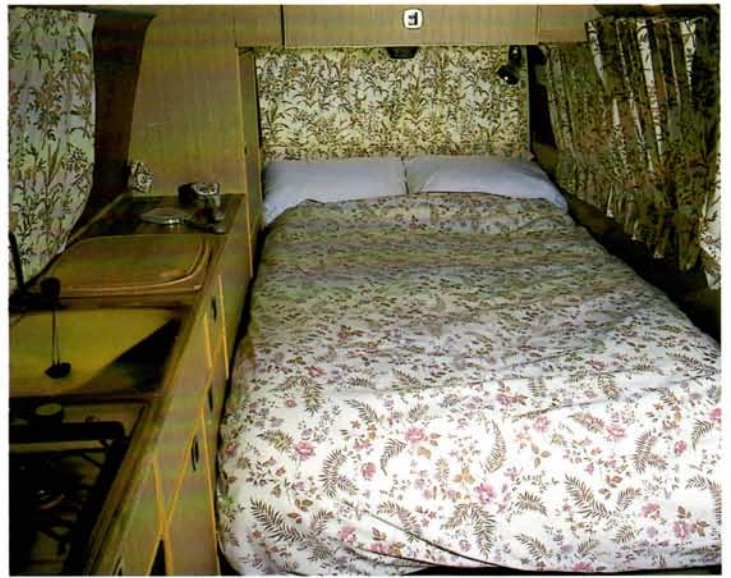

The sheer good looks of the Autostrada as it effortlessly drives along eating up the miles, provides the carefree owner with a lifestyle second to none in the motor caravanning world.

Take a look at the Autostrada's spacious lounge and see how the cab seats swivel right around to face inwards—and they're upholstered to match the rest of the fabrics too. See how four or even five people can sit comfortably to enjoy their meals on the two separate tables.

Take a look at the fabrics and furnishings—all top quality and colour matched to blend beautifully. There's a choice of colours to suit your taste. Don't forget the wall-to-wall carpet—it's even fitted right through the cab walkway and on the seat bases and footwells. What you won't be able to see is the full insulation of walls and roof—but it's there in thick glass fibre wool.

Think about the pleasure of using the wonderfully compact and stylish combination furniture unit with its two-burner cooker with grill and hotplate, and washing-up is no problem in the attractive vitreous enamelled sink and matching draining board. The water supply is electrically pumped to the faucet from the Autostrada's own underfloor fresh water tank. Diamond's designers have included in this superb furniture unit a two-way refrigerator, lots of cupboard space and a cutlery drawer as well.

You'll want to know what the Autostrada has to offer when day is done and you're ready to go to bed—just draw the all-round curtains, turn on the lights and get ready to rest on the large double bed that is so easy to prepare you'll be amazed. Consider the space the Highline Roof offers—there is so much headroom, creating a sense of ease and relaxation just when you need it.

If you want to sit and enjoy a goodnight drink, or that welcome morning cup of tea whilst the bed is made up, then use the comfortable cab seats in their inward position. The Autostrada's flexibility is really something special.

You're going to be impressed, too, with the large amount of locker and cupboard space, the super hardwood sink cover, the solid wood edging on all the furniture, the adjustable reading lamp in the lounge, the built-in roof rack, the attention to detail, the overall feeling of comfort combined so cleverly with practicality—and with a lot of other things too. But what will really impress you is the high standard of craftsmanship throughout the Autostrada.
